## THE CAVE TOUR

### Description:

The Cave Tour is a fantastic day of fun, culture and real Fiji experiences. It starts with a 35 minute drive into the picturesque Sigatoka Valley for fabulous views of Fiji's famous "Salad bowl" – known for its colourful patchwork of fruit and vegetable crops. You'll hear the fascinating history of notorious Tongan warriors who reigned supreme in this area and glimpse ancient hill fortresses of Tavuni and Matanavatu. On the banks of the river you'll participate in customary kava ceremony and picnic lunch before a bamboo raft ferries you across the river for the short walk to the Naihehe Caves. The entrance is a tropical garden setting – and this was the cave fortress of Fiji's last cannibal tribes. It was ruled by a pagan priest and hundreds of people lived inside for months at a time. We follow the lantern lit hall chambers to the legendary "Pregnancy Gap" which opens up into the huge and wondrous Grand Cathedral Chamber. Natural features include sparkling stalactites, stalagmites, flowstones and underground springs - but its history makes this cave particularly special. You'll see a ritual platform, priest chambers and cannibal oven! It's pretty awesome stuff. The cave environment is comfortable, with easy access, plenty of fresh air and no bats or creepy-crawlies. Next, we take a 15-min walk across native bush and farms down to the river for a downstream "bilibili" ride. These bamboo rafts are still the traditional mode of transport for river based villages. Ours are wide and well balanced and the river is warm and shallow. This is about 35 minutes of serious fun - kids love it and so will you! The bilibilis take us back to our waiting bus and we hit the road again.

## **THE WATERFALL DAY TOUR**

### **Description:**

The Waterfall Tour is fantastic day out and great for some leisurely exercise in typical Fijian forest. You'll visit the village of the Biausevu tribe and participate in a "Kava Ceremony" with the Chief – if he's home. Our visit is not set up, so if the Chief isn't home, one of his spokesmen will receive us. This is the usual protocol. Next you're given bottled artesian water or soft drink, and we hit the walking trail to the waterfall. You'll wander through several shallow streams each one a photographers delight, native bush land and lush tropical rainforest with guides who explain the traditional use of various plants along the way, including plant medicines. At the waterfall you learn how to husk a coconut, eat tropical fruits and do some fish feeding. The waterfall itself is spectacular dropping 120 feet down a rocky cliff into a picturesque swimming lagoon edged by giant ferns, wild red ginger and ancient Ivi trees with amazing root systems and hanging vines. You'll understand how legends are born in this tropical paradise setting. This is the favourite swimming place of the legendary "Twins" of Fiji. The lagoon is not too deep so it's safe for young and old. There's also a shallow rock pond ideal for infants or paddlers. After a refreshing dip, to the coast and visit a great little handicraft store where you can purchase authentic village handicrafts, souvenirs etc at really good prices, much cheaper than town shopping and no hassling! Overlooking the Vatukarasa Bay, you'll enjoy a late BBQ lunch with beer, artesian water and soft-drinks before heading home again back to your Coral Coast hotel by 4ish and in Nadi by 5.00 p.m. This tour is natural and rustic no paved footpaths or handrails – but it's mostly flat and not very demanding. There are plenty of helping hands from very entertaining guides. Great for all ages of reasonable health, mobility and fitness.

## SIGATOKA RIVER SAFARI

### Description:

Our mini-coach driver will pick you up from your resort and transfer you to our base in Sigatoka town. From there you enjoy a 17 km scenic cruise into the Sigatoka valley, discovering the fertile area known as the “salad bowl” of Fiji. You arrive at our departure point surrounded by Fijian natural beauty, here you are provided with your life jackets and safety briefing by your jet boat captain and then it's time to board.

As you begin your journey up the awe inspiring river you will hear about the history of the region, including its cannibal past! Children from the many villages that line the river wave as we cruise past and the water is so clear you will be able to see fish and rocks lining the river bottom.

When you reach your village destination, you are given a warm welcome by the villagers. Sigatoka River Safari is careful to visit a different village every day, to minimise the impact of tourism on the village lifestyle in this remote part of the world.

You will then visit the village Chief's bure (house) or community hall and take part in a kava ceremony, before a tour of the village and a traditional Fijian lunch, including wonderful fresh tropical fruit. Your village visit ends with traditional Fijian singing and dancing and it's time to board your jet boat again for the return trip.
